

Have you ever heard the phrase, “Eyes wide shut”? That’s what I think of when I think of this book. Jesus saw “the one” that no one else took time to see, yet we go through our day and hardly see anything- almost like we’re sleep walking.

Anyone else, or is it just me??

If you are longing to have eyes that see and ears that hear like Jesus then I hope you will join us!

I am looking forward to beginning this study with each of you! \* \* Be sure to spread the word and invite any and long ladies you know that may be interested \* \*
